August 19, 1993

NAS Jacksonville has undertaken a long-term environmental testing and clean-up program to remedy environmental concerns caused by past waste disposal practices. Because community involvement in the project is important to us, the company contracted to perform the work is conducting interviews to identify your interests and concerns.

Between August 23 and September 10 a representative from Ulrich Research may be contacting you to arrange an interview to explore your thoughts about NAS Jacksonville and its environmental programs. The calls will take place between 9 a.m. and 8 p.m. Should you agree to participate in the project, a private interview, lasting approximately 30 minutes, may be scheduled either in your home or at the Ulrich Research offices in Orange Park.

The interviewer will ask to record your interview. This will allow her to write a report based on your comments. Ulrich Research maintains strict confidentiality concerning your identity. You will not be identified by your comments. Only questions and your answers will be provided to NAS Jacksonville.

If you have any questions or concerns about this project, please contact Miriam Lareau, Deputy Public Affairs Officer, at 772-4032. Thank you for your assistance.

Sincerely,

A handwritten signature in cursive script, reading "Charles R. Cramer", is written above the typed name.

C. R. Cramer
Captain U.S. Navy
Commanding Officer
